BI-MATERIAL TRAP EASYPHON

Code	Ø Inlet	Ø Outlet	Water seal	Height (mm)
0202073	32	32	50	133-192

■ TECHNICAL FEATURES :

- Co-injection technology with built-in gaskets in elastomer
- Adjustable in height
- PP trap with removable base
- White PP wall outlet (L= 250) & rosette
- Inlet : 1 1/4"
- Ø32

■ STANDARDS :

- NF EN274

■ TOP ADVANTAGES :

- A breakthrough innovation as the trap body and gaskets are only one part. Impossible to lose or misplace a gasket from now on.
- «Co-injection» technology confers to the product a surprising resistance. Flexible, elastic and tear-proof, the gaskets are always precisely positioned, allowing a durable 100 % watertightness
- Easy installation and maintenance : Adjust, tighten the nut, that's all !
- Elegant design
- Handy tightening nuts
